SYNOPSES

Final Destination

His entire high school class is going to Paris, but Alex Browning can't seem to shake his fear of flying. Once aboard the plane, he has a violently disruptive premonition which gets him and five of his classmates removed from the aircraft. As the students watch the plane depart, they witness a horrifying disaster that proves the deadly premonition true. Now having dodged death once, the terror begins full-force as fate hunts them down one by one. Soon, the five survivors will discover that you can't cheat death in this bone-chilling, suspenseful thriller.

### Final Destination 2

It's a matter of life and death when eight strangers narrowly escape a catastrophic freeway accident. Only a young woman's premonition saved them all from a grisly end. But now that they have thrown a wrench into death's design, there is a price to pay - and it's going to be painful. Packed with cutting-edge special effects, state-of-the-art gore and enough scares to send your heartbeat into overdrive, Final Destination 2 is a killer sequel to the smash-hit original.
